ProtectUK Digital Toolkit

ProtectUK publication date
11/10/2022

The ProtectUK Digital Toolkit provides a range of downloadable resources and assets to promote the ProtectUK platform, app and ACT Awareness e-Learning within your organisation or publicly.

Since launching ProtectUK, your support has been vital for amplifying the awareness and importance of countering terrorism. We have supported organisations of all sizes across the UK and provided access to vital resources.

To give you further resources to promote the platform internally or online, we have developed a toolkit for your use. In this toolkit you will have access to assets to be used on social media, as well as posters that can be printed and used on your premises.

The assets are split into three categories: Platform, App and e-Learning, allowing you to choose what is most appropriate for your business and organisation.

If you would like any additional assets, please [contact us](#)
